

Applied and Computational Harmonic Analysis

*Time–Frequency and Time–Scale Analysis, Wavelets,
Numerical Algorithms, and Applications*

Editors-in-Chief

Charles K. Chui
Stanford University

Ronald R. Coifman
Yale University

Ingrid Daubechies
Duke University

Associate Editors

David Donoho
Stanford University

Yves F. Meyer
*CMLA
Cachan*

Steve Smale
City University of Hong Kong

Stephane G. Mallat
*École Polytechnique
Palaiseau*

Vladimir Rokhlin
Yale University

Martin Vetterli
*EPFL
University of California
Berkeley*

Software Editor

M. V. Wickerhauser
*Washington University
St. Louis*

Editorial Advisory Board

Radu Balan
University of Maryland

Richard Baraniuk
Rice University

Guy Battle
Texas A&M University

Gregory Beylkin
University of Colorado, Boulder

Emmanuel J. Candes
Stanford University

Albert Cohen
Université Pierre et Marie Curie

Wolfgang Dahmen
RWTH Aachen

Marie Farge
*École Normale Supérieure
Paris*

Patrick Flandrin
*École Normale Supérieure
Lyon*

Anna C. Gilbert
University of Michigan

Leslie F. Greengard
*Courant Institute
New York University*

Karlheinz Gröchenig
University of Vienna

Richard Gundy
Rutgers University

Bin Han
University of Alberta

Christopher Heil
Georgia Tech

Stephane Jaffard
Université de Paris XII

Rong Qing Jia
University of Alberta

Qingtang Jiang
University of Missouri-St. Louis

Iain M. Johnstone
Stanford University

Jelena Kovačević
Carnegie Mellon University

Ming-Jun Lai
University of Georgia

Pierre G. Lemarié-Rieusset
Université d'Evry

W. R. Madych
University of Connecticut

Mauro Maggioni
Duke University

Henrique Malvar
Microsoft Corporation

Charles A. Micchelli
*State University of New York
at Albany
City University of Hong Kong*

Peter Oswald
*Jacobs University
Bremen*

Dominique Picard
Université de Paris VII

Amos Ron
*University of Wisconsin
Madison*

Naoki Saito
University of California, Davis

Zuowei Shen
National University of Singapore

Joachim Stöckler
Universität Dortmund

Thomas Strohmer
University of California, Davis

Bruno Torresani
*Université de Provence
Marseille*

Guido L. Weiss
*Washington University
St. Louis*

M. V. Wickerhauser
*Washington University
St. Louis*

Ding-Xuan Zhou
City University of Hong Kong
